

curriculum

Tspoon (Nina Artioli, Paola Fusco, Alessandra Glorialanza, Daniela Pastore, Davide Sacconi, Eliana Saracino) was set up in Rome in 2004, it is an open platform that extends the boundaries of its research from the "teaspoon" to the city. A permanent laboratory that operates on spatial and human relations in architecture. It defines multiple and simultaneous research fields, and acts as a catalyst in transformation processes at different levels of complexity.
